ADOPTED

BOARD OF SUPERVISORS COUNTY OF LOS ANGELES

15

OCTOBER 13, 2009

SACHLA HAMAL EXECUTIVE OFFICER

County of Los Angeles 383 Kenneth Hahn Hall of Administration 500 West Temple Street Los Angeles, CA 90012

The Honorable Board of Supervisors

Dear Supervisors:

APPROVAL TO ACCEPT THE ENERGY EFFICIENCY AND CONSERVATION BLOCK GRANT FUNDED BY THE AMERICAN REINVESTMENT AND RECOVERY ACT FROM THE U.S. DEPARTMENT OF ENERGY (ALL DISTRICTS - 4 VOTES)

SUBJECT

Request approval to accept the Energy Efficiency and Conservation Block Grant (EECBG) funded by the federal American Recovery and Reinvestment Act (ARRA).

IT IS RECOMMENDED THAT YOUR BOARD:

- 1. Approve and instruct the Director of Internal Services Department (ISD) to accept EECBG Award Number DE-EE0000896, (Attachment I) from the U.S. Department of Energy (DOE), American Recovery and Reinvestment Act (ARRA), to implement a County energy efficiency and conservation program, effective September 28, 2009 through September 27, 2012, for a total amount of \$15,412,400, with no net County cost.
- 2. Delegate authority to the Director of ISD, or designee, to accept increases or reductions of ARRA EECBG funds and to approve any required time extensions. modifications, and or contract amendments.
- 3. Delegate authority to the Director of ISD, or designee, to execute all required documents with the U.S. DOE.
- 4. Approve a budget adjustment of \$10,000,000 (Attachment II) in the Utilities Budget to reflect the portion of the ARRA EECBG grant funding that is expected to be needed in Fiscal Year (FY) 2009-10.

The Honorable Board of Supervisors October 13, 2009 Page 2

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTIONS

The recommended actions will enable the County to implement an energy efficiency and conservation program under the terms of the grant. The objectives of this program are to reduce greenhouse gases and create jobs by encouraging green building development, promoting the use of renewable resources, and improving energy efficiency in buildings throughout the County. The program also will continue ISD's implementation of energy efficiency projects in County buildings.

As described in several status reports to your Board, the County's ARRA EECBG program consists of four different activities, as follows:

- Develop and implement a community-scale building retrofit program using financing authorized under Assembly Bill (AB) 811, approved in 2008. Under AB 811, counties and cities can provide municipal financing for energy efficiency and renewable energy projects on private property. The financing remains with the property if it is sold and is repaid through a line-item assessment on the property tax bills.
- Implement energy efficiency projects as part of the County's Energy Efficiency Retrofit and Building Retrocommissioning Program.
- Provide outreach to implement the County's Green Building Ordinance approved by your Board on November 18, 2008.
- Work with the Los Angeles County Regional Collaborative, the City of Los Angeles, the University of California, Los Angeles, and ICLEI – Local Governments for Sustainability to develop a Los Angeles Regional Climate Action Plan.

Implementation of Strategic Plan Goals

These actions support Goal 3, Community and Municipal Services by promoting energy efficiency and conservation to enhance health and sustainable living in the County.

FISCAL IMPACT/FINANCING

The total amount of one-time funding provided under EECBG Award Number DE-EE0000896 is \$15,412,400 for the period of September 28, 2009 through September 27, 2012, with no net County cost.

Funding for these recommended actions was not included in the FY 2009-10 Adopted Budget as the County had not yet received the award.

The Honorable Board of Supervisors October 13, 2009 Page 3

As a result, a budget adjustment is attached for your approval. Appropriate funding will be requested in future fiscal years. The \$15,412,400 funding is expected to be utilized as follows:

```
FY 2009-10 = $10,000,000
FY 2010-11 = $4,000,000
FY 2011-12 = $1,412,400
```

The \$10,000,000 appropriation in the current year includes contingency appropriation to allow for expediting the program's schedule. Any unexpended funding in the current fiscal year will be carried over to the next fiscal year.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The American Recovery and Reinvestment Act of 2009 appropriates funding for the U.S. DOE to issue/award formula-based grants to states, U.S. territories, units of local government, and Indian tribes under the EECBG Program. DOE's authorization for this program is set forth in Title V, Subtitle E of the Energy Independence and Security Act (EISA) of 2007.

ARRA's purposes are to stimulate the economy and to create and retain jobs. Accordingly, special consideration was given to projects that promote and enhance the objectives of the Act, especially job creation, preservation and economic recovery, in an expeditious manner.

DOE has developed the following core principles to guide entities during the program and project planning process:

- Prioritize energy efficiency and conservation first as the cheapest, cleanest, and fastest ways to meet energy demand.
- Maximize benefits over the longest possible terms, look for ways to link energy
 efficiency efforts to long-term priorities (especially community economic
 development, community stabilization and poverty reduction efforts).
- Invest funds in programs and projects that create and/or retain jobs and stimulate the economy while meeting long term energy goals.
- Target programs and projects that will provide substantial, sustainable and measurable energy savings, job creation and economic stimulus effects.
- Develop programs and strategies that will continue beyond the funding period to the extent possible.

The Honorable Board of Supervisors October 13, 2009 Page 4

- Enact policies that transform markets, increase investments, and support program goals.
- Develop comprehensive plans that benchmark current performance and set aggressive goals.

On June 22, 2009, the County submitted a grant application package for ARRA EECBG funding to implement the County's Energy Efficiency and Conservation strategy as described above that satisfies the core principles for the DOE EECBG program. On September 28, 2009, the County received the EECBG grant award that obligated funding in the total amount allocated to the County (\$15,412,400).

IMPACT ON CURRENT SERVICES (OR PROJECTS)

Approval of these actions will allow the County to implement its EECBG program to reduce greenhouse gases, reduce total energy use, and improve energy efficiency within the County's internal operations and throughout the Los Angeles County region. The County's program will help the State achieve greenhouse gas reduction targets under the Global Warming Solutions Act of 2006 (Assembly Bill 32) by targeting energy efficiency and renewable projects within the existing building sector.

CONCLUSION

The Executive Office, Board of Supervisors, is requested to return one stamped copy of the approved Board letter to the Director, ISD.

Respectfully submitted,

Tan Tindall

COUNTY OF LOS ANGELES

REQUEST FOR APPROPRIATION ADJUSTMENT

DEPT'S. NO.

300

DEPARTMENT OF INTERNAL SERVICES

October 13, 2009

AUDITOR-CONTROLLER:

THE FOLLOWING APPROPRIATION ADJUSTMENT IS DEEMED NECESSARY BY THIS DEPARTMENT. PLEASE CONFIRM THE ACCOUNTING ENTRIES AND AVAILABLE BALANCES AND FORWARD TO THE CHIEF EXECUTIVE OFFICER FOR HIS RECOMMENDATION OR ACTION.

ADJUSTMENT REQUESTED AND REASONS THEREFOR

FY 2009-10

4 - VOTES

SOURCES

USES

COUNTYWIDE UTILITIES A01-IS-90-9009-12460 American Recovery & Reinvestment Act Federal Stimulus Revenue Increase in Revenue

\$10,000,000

COUNTYWIDE UTILITIES A01-IS-2000-12460 Services and Supplies Increase in Appropriation

\$10,000,000

SOURCES TOTAL: \$ 10,000,000

USES TOTAL: \$ 10,000,000

JUSTIFICATION

To request an increase in Services and Supplies appropriation to implement energy efficiency and conservation programs, including, Community-Scale Building Retrofit Program, Energy Efficiency Retrofit and Building Retrocommissioning Program, Green Building Ordinance, and Regional Climate Action Plan. Funding is provided by the U.S. Department of Energy (DOE), American Recovery and Reinvestment Act (ARRA) under the Energy Efficiency and Conservation Block Grant (ECCBG) Program. This was approved on September 28, 2009 per ECCBG Award Number DE-EE0000896.
